Neighbor Saves Nine Children As Fire Destroys Home on Lacy Creek

Parents Away As Fire Burns Home Of The Hackneys

A vigilant neighbor proved of great value to Mr. and Mrs. Talmadge Hackney last Saturday when fire burned their home on the head of Lacy Creek when both were away.

The neighbor, Mrs. Floyd Lewis, saw the blaze and went to the Hackney home and brought out their nine children ranging from one year to 13 years.

The home, a five-room frame tenement house on the farm of Buford Pack, was completely destroyed along with all the furniture and clothing of the Hackney family.

The father, who is a part time employee of the West Liberty Lumber Co., was gathering corn

in a field some distance away when the house caught fire from a crack in the flue base of the living room stove. And the mother was on a trip to West Liberty. The oldest girl age 13, was caring for her eight brothers and sisters while the parents were away.

When Mrs. Lewis a neighbor learned the home the blaze had spread too far to attempt saving the building she got all the children out of the building, but some of them wanted to go back in, and she had to carry them out a second time. None of the children were injured or burned.

But the family was left in dire need from loss of their clothing and furniture. Neighbors are soliciting clothing for the children. The oldest children are a girl 13, a girl 11, a girl 10, a boy 8 and a boy 6. The others are younger.

8 TEAMS TO VIE IN FOOTHILLS TOURNEY HERE

The first annual basketball tournament of the newly organized Foothills Athletic Conference is scheduled for December 7-10 in the Morgan County High school gym at West Liberty.

Eight member high schools of the conference will participate in the tourney, which this year is being sponsored by Ezel High school of Morgan county.

Drawings for the tournament were made Nov. 3rd with the following results:

On the first night of the tournament, Wednesday, Dec. 7, Oil Springs meets Hazel Green Academy and Camargo meets Ezel School of Olive Hill.

Thursday night, Dec. 8, Frenchburg meets Wolfe County High and Ezel pairs off with Salyersville.

Semi-finals will be held on the 9th and finals on Saturday night, Dec. 10.

Elmer Anderson of West Liberty and Layton Coc of Lexington will officiate.

The Foothills Athletic Conference was organized this year with the stated purpose of promoting sportsmanship and good relationship between the schools in this area of the Eastern Kentucky Foothills.

Each year a season champion shall be determined as well as a conference champion.

Walter Power, principal of Camargo school, is president of the conference. Other officers are Wm. A. Heagen, Ezel school, vice president, and Rev. Eugene K. Meyers, superintendent of Erie school, secretary and treasurer.

Fertilizer Meeting Held In West Liberty

The Extension Service held a fertilizer dinner meeting for fertilizer dealers and district representatives at Stamper's restaurant Tuesday evening, Nov. 22. Ira Massie and Harold Miller, University of Kentucky Extension specialists illustrated lectures on treatment of soils and fertilizing field and pasture crops.

Albert Dorsey, vocational agricultural teacher at Ezel, gave the invocation. Agricultural agencies were represented by Dillard Murphy, ASC chairman; Prichard Caskey of the Farmers Home Administration; Albert Dorsey, vocational agriculture, and Carl Decker, Morgan County agricultural agent. Local fertilizer dealers present were Ormond Lewis, Russell Brown, Armour, and Hager Ray, Armour, and Curtis Elliott of Southern States Cooperative.

District fertilizer representatives present included Rue Wallace International Fertilizer Company representative; Harold Wallace, Knoxville Fertilizer representative; Nollis Simmons, Armour Co. representative and Bernard Hill Armour fertilizer Company representative.

The University of Kentucky specialists said that more nitrogen was needed in corn fertilization practices. More fertilization of pastures was recommended. Mr. Massie and Mr. Miller urged that more soil samples should be tested in the fall.

MORGAN COUNTY WINS MOREHEAD TOURNEY, 61-46

Locals Will Play Ezel Hornets Here Friday in 2nd Tilt

By Earl Kinner, Jr.

The Morgan County High School basketball team beat out Sharpsburg High Saturday night 61-46 to top the Morehead State College Scholarship Tournament championship at Morehead.

The Morgan club fought its way into the finals by defeating Breckinridge Training in the preliminary game Friday night and Sharpsburg gained their berth in the playoffs by inflicting a 20 point win over Morehead High.

Breckinridge won the consolation game over Morehead 79-46.

In Friday night's affair with Breckinridge, the Morgan lads, behind big senior center Darrell Adams who dumped in 39 points, came smashing back after a somewhat nip-and-tuck first half to top their opponents by 12 points.

Scoring for both teams was fairly even in the first half, though Darrell Adams, who scored 23 points, was all that kept Morgan County alive in these first two frames. The score was tied at 12-12 at the end of the first period but the Morgan Team trailed by 1 point at the half way horn, 31-30.

In the last half Morgan, sparked by Adams, Hill and Wheeler, came crashing back into the lead, piling up a 48-30 third period margin. From there on it was Morgan County all the way. The final score was Morgan County 68, Breckinridge 56.

High scorers for Morgan were Darrell Adams with 39 points and Wheeler with 16. Pierce paced Breck with 22 points.

The Morgan High lads got off to a slow start in Saturday's finale. After taking a 6 point lead in the first 3 minutes of play, the Big Devils were caught and overtaken by the hard-scrapping Sharpsburg team and found themselves trailing 12-10 at the end of the first period.

The second frame was close and hard fought until the last 3 minutes, when Morgan began to pull ahead, and the half time horn found the Morgan five in possession of an 8 point lead. In the end, Morgan racked up 21 points in this period while holding Sharpsburg to only 9 markers.

Though not up to their usual game the Blue Devils held the pace throughout the remainder of the game, maintaining an 8 point margin and leading by 16 at the end of the final stanza to a 61-46 triumph, and the championship.

Darrell Adams again paced Morgan County, scoring 21 points, followed by J. B. Brown with 14 and Billy Bailey with 11.

Wheeler and Croch were the big guns for Sharpsburg with 12 and 11 respectively.

Morgan returned to Morehead Tuesday night for a scheduled game with Morehead High and defeated the Rowan County lads for the second time this season, 78-55.

This Friday night the Blue Devils with a 7-1 record, will play host to the highly touted Ezel Hornets in the second round of the Morgan County basketball tournament.

Keen rivalry is predicted and a large crowd is expected to witness the contest.

Gen. Daniel Morgan

A new book just published by Appleton & Co. titled "Long March", is a historical romance telling the story of General Daniel Morgan of Winchester, Virginia and his activities in the South during the Revolutionary War. We mention this because Morgan County was named in honor of Gen. Morgan, many of the county's early settlers having migrated from the Virginia country where this famous soldier was reared. The book was written by Jane Barry.

DRILL 10 BARREL WELL IN MORGAN

J. L. Wright of Silverhill and R. C. Cantrell of Ashland drilled in a good oil well on the Jay Young farm on Lower Sand Lick in eastern Morgan county Saturday.

Oil was struck in the Wier sand at a depth of 904 feet and the sand is 21 feet thick.

The well is estimated to be a 10 barrel per day producer by Arnold Rice, drilling contractor, who drilled the well.

Messrs Wright and Cantrell will have the pay sand hydrofractured, probably next Monday, and this may increase the production.

Wright and Cantrell propose to drill other wells on leases on 1,060 acres which they hold in that section.

Also, it was made known this week that the Texas Canadian Oil Company, which recently purchased the holdings of F. W. Wreman in the Little Point and Nine Fork tracts in their third producing oil well last week. They had drilled the second well in about a month ago. The first well on the holdings was drilled nearly two years ago by Ed Wireman.

PERKINS TO ASK CUT BE REVOKED

Seventh District Congressman Carl D. Perkins of Hindman will join Senator Earle C. Clements in sponsoring legislation to nullify Secretary Benson's 15% cut in burley tobacco allotments next year, he told The Courier in a telegram Wednesday. The legislation will be introduced when Congress convenes in January.

Rep. Perkins' telegram follows:

Washington, D. C.
November 30, 1955

Secretary Benson's action directing an additional cut of 15% on Burley Tobacco base is a serious blow to our farm economy.

I supported an amendment to maintain a minimum base of 7 acre last year, which was defeated. I will join with other members of the Kentucky delegation in introducing legislation to stop this continuous reduction of burley tobacco allotments.

Many small Kentucky farmers will face bankruptcy if this order is carried out next year. Carl D. Perkins
Member of Congress.

CARL BREWER 58, DIES IN HOSPITAL

Carl Monroe Brewer, 58, of Ezel died on Nov. 30th in a Lexington hospital. He had recently submitted to two operations.

He is survived by four sons, Chalmers of Hazel Green, Denimore of Middletown, Ohio, Rexford of Winchester, and Ralph of Olive Hill.

Mr. Brewer was a resident of Hazel Green and ran a store there for several years. He was an active Mason and a member of the Missionary Baptist Church at Trent.

Funeral will be Saturday at 10:00 a. m. at the Missionary Baptist Church at Trent. Services will be conducted by the Rev. Willie Taylor. Interment will be in the Edwards Cemetery at Trent.

Benson Cuts Burley 15% Kentucky To Fight Order

BURLEY MARKETS OPEN HIGHER AS RED GRADES RISE

Price Average Up
\$5.05 From Opening
Day Of Last Year

Kentucky burley tobacco markets opened the 1955 selling season Tuesday with prices sharply up from last season's opening sales.

Average price paid on the 28 Kentucky markets opening day was \$57.78, up \$5.05 from last year's opening day averages of \$52.73.

And next day the averages rose to \$58.53, up \$6.18 above the same day a year earlier.

Unlike last year when the better grades were snapped up at premium prices, buyers this year are snapping up the red offerings at premium prices. The average paid for the better grades like choice buff lugs and flyings, was about the same as last year.

On opening day buyers splurged to grab the red offerings, particularly tips and leaf. Anything with an "R" on it was taken at prices well above the co-op loan rate. Leaf and tip offerings closed at prices several dollars above last year's opening offers, some as much as \$20 beyond the floor prices. Red and reddish tan offerings were extremely popular with buyers. Most lugs and flyings were about steady to \$2 lower than last year.

Buyers appeared determined to cut down their top dollars and to spend liberally in the commoner grades. Practical top bid was \$65 to \$68, with scattered piles going up to \$68, principally choice buff lugs and flyings.

The co-op took approximately 20% of the opening day offerings, principally good to low tan lugs and flyings, about half what it took on opening day last year.

The average on Wednesday was the best single day's work in recent years, and tobacco men have to go back to the fabulous 1919-1920's to find a better figure.

During the first two days after sales opened, a total of 196 tobacco checks cleared through the Commercial Bank in West Liberty for a total of \$13,207,133.

Morgan's crop this year is of fine quality but lighter than last year. And the volume will be down considerably due to the 25% cut in acreage. Some observers are predicting the county's burley income will be down a million dollars from last year's all-time record income of \$2,627,000.

Among Morgan county crops selling above \$58 average during the first two days of sales were these:

John Nickell, Insko, 1012 lbs., \$58.30.

Reel Sargent, Blaze, 956 lbs., \$62.47.

Rollie Sargent and Reel Sargent, Blaze, 1094 lbs., \$60.88.

Buford Mays, Kellace, 1698 lbs., \$61.29.

Orville Caskey, West Liberty, 1178 lbs., \$63.81.

Orville Caskey, West Liberty, 1004 lbs., \$62.47.

Franklin Jackson and Fanny Jackson, Mize, 2288 lbs., \$63.71.

Franklin Jackson, Mize, 554 lbs., \$60.42.

Curt Ferguson, Ezel, 2144 lbs., \$59.79.

Milford Williams, Woodbend, 1030 lbs., \$63.23.

Julia Williams and Milford Williams, Woodbend, 1148 lbs., \$58.42.

Emerson Easterling, Blair's Mills, 1176 lbs., \$59.16.

T. H. Vest, Ezel, 2360 lbs., \$61.69.

T. H. Vest, Ezel, 2670 lbs., \$58.92.

Merill McGuire, Malone, 3498 lbs., \$59.65.

Sam Hatten and Charlie Hatten, Caney, 1224 lbs., \$61.77.

Omer Caskey, West Liberty, 896 lbs., \$60.94.

W. H. Haney and Otis Peyton, Nickell, 3370 lbs., \$60.41.

Grace Haney and Dent Peyton, Nickell, 1154 lbs., \$60.71.

Herman Legg, Ophir, 1482 lbs., \$59.50.

Clarence Smith and Emerson Smith, Jephtha, 2766 lbs., \$61.30.

Clarence Smith and Nick Caudill, Jephtha, 850 lbs., \$60.62.

Clarence Smith, Jephtha, 2748 lbs., \$62.70.

Clarence Smith, Jephtha, 3824 lbs., \$59.43.

Donnie Minnix, Nickell, 1348 lbs., \$59.59.

Arthur Ross, Nickell, 1628 lbs., \$59.35.

Joe A. Smith, Kellace, 788 lbs., \$63.60.

Noah Elam, Index, 1850 lbs., \$60.10.

Reginald Easterling, Blair's Mills, 912 lbs., \$61.16.

Reginald and David Easterling, Blair's Mills, 2978 lbs., \$61.73.

Harry Coffee, Cottle, 1274 lbs., \$61.99.

CLEMENTS VOWS LAW TO RESTORE CUT IN '56 CROP

Referendum Set
For Dec. 29 In
The Burley Belt

Secretary Ezra Taft Benson of the U. S. Department of Agriculture on Wednesday ordered burley tobacco quotas cut another 15% for next year.

And Kentucky Congressmen, tobacco men and officials quickly issued protest and then commenced marshaling forces to continue the fight against acreage cuts.

Senator Earle C. Clements, who already had sent three messages to Sec. Benson asking him not to cut burley acreage any more, on Thursday asked Benson to reconsider the 15% cut. Senator Clements told Benson he expects this year's crop to fall below the Government's estimate of 520 million pounds, and said, "if it does, I shall introduce legislation when Congress convenes in January and ask for immediate action to restore any acreage reduction."

In ordering the 15% cut in burley quotas, Sec. Benson set Dec. 29 for the required referendum among burley growers. Two-thirds of those voting must approve the quotas as set by Benson. If they disapprove, price supports will be withdrawn automatically.

Sec. Benson also proclaimed a 15% cut in the 1956 crop of flue-cured tobacco, and 20% in air-cured tobacco, also grown in Kentucky. These growers approved quotas for a three-year period last Dec. 14.

Many growers will not be affected by the reductions since the present law does not permit any base to be cut below five-tenths of an acre.

Stocks of burley on hand increased 150 million pounds last year, and growers were asked this spring to approve a reduction of 25% in this year's acreage quotas. They approved this in a referendum April 28. And this year's crop thus was reduced 25%. In addition, the burley crop this year is described as lighter than last year, and many observers are predicting there is no way the 1955 crop will be more than 25% smaller than last year.

But Benson said Wednesday that burley stocks on hand are at an all time high, and that even if this year's crop turns out to be of a smaller than the current estimate, there is no way short of a proclamation of a national emergency—by which larger quotas for 1956 may be proclaimed.

Benson's 15% cut will permit growing of 268,550 acres of burley next year as compared to 310,000 this year.

A two-thirds vote of growers is required for approval. If it is rejected, there will be no price supports on burley next year. The referendum will be on authorizing production quotas for 1956-57-58.

Others who protested Benson's cut were Congressman Carl D. Perkins of the Seventh district; State Commissioner of Agriculture Ben S. Adams, Congressman Chelf, Congressman Watts, Congressman Spence, and Albert G. Clay, president of the Burley Warehouse Association.

Congressman Perkins said he would join with Senator Clements and others in sponsoring legislation in Congress to restore the cut.

Mr. Clay said he and the association's general counsel will ask Congress to restore the cut, but added, "I think growers should vote in favor of controls at the Dec. 29 referendum."

W. L. Seaton, secretary of the Burley Tobacco Growers Cooperative Association, said farmers "can't afford to lose the control-support program."

\$700,000 Beattyville Bridge Dedicated

BEATTYVILLE — The new \$700,000 bridge over the South Fork of the Kentucky River was dedicated here Tuesday. Cold weather forced the ceremonies indoors. Gov. Lawrence Wetherby was the principal speaker.

Mr. Clay said he and the association's general counsel will ask Congress to restore the cut, but added, "I think growers should vote in favor of controls at the Dec. 29 referendum."

W. L. Seaton, secretary of the Burley Tobacco Growers Cooperative Association, said farmers "can't afford to lose the control-support program."

3 MILLION NEEDED FOR HIGHWAYS

FRANKFORT, Ky.—Kentucky's highway construction needs over the next 20 years call for an outlay of approximately \$3,000,000,000, one-third of which needs to be spent immediately in order to bring the roads up to modern-day standards, the American Automotive Safety Foundation has recommended.

It also called for a complete reorganization of the State Department of Highways and substantial raising of truck limits on state highways—these to be up to 73,280 pounds for 60-foot truck-trailer combinations.

The foundation declared that over a 20-year period there should be average annual construction expenditures of \$144,215,000 a year, while in a separate report, Dr. James W. Martin, head of the University of Kentucky's Bureau of Business Research, estimated that average annual revenues over the period would approximate \$118,000,000, to provide a deficit of \$26,000,000 a year.

How to raise the money to make up the deficit is to be the topic of a subsequent report. Dr. Martin pointed out that a stepped up program of federal aid would be of some assistance in closing the gap.

FLORRESS

WOMAN OBSERVES 74TH BIRTHDAY

FLORRESS, Ky., Nov. 28—(By Nora Easterling)—Mrs. Dovey Easterling celebrated her 74th birthday Nov. 25, she received a lot of nice gifts and cards. Mrs. Easterling is in good health and is very interested in church and in encouraging Ministers. Your writer presented her with a poem gift, as follows:

Gently and quietly, patiently busy, by the fireside sits a Mother so dear.

As she works we can hear a soft sound filled with music;

An old song filled with love of God comes to our ear.

A song that a Mother will sing to her children;

As the years pass by, and our day to an end.

There is no one so dear, as a God fearing Mother.

We can never find a more true earthly friend.

Her hands may be worn by the toils in the kitchen.

Her hair may be gray from the worry through the years.

But her heart is as pure as the white drifting snow.

Though her eyes have been dimmed with oceans of tears.

With her lady like manners, she sets an example.

To the young generation as they keep coming on.

Can you guess who this is with out ever asking?

Why sure you can, this old girl is our mom.

Mrs. Naomi Conley, aged 86, was able to attend church Sunday.

Mr. and Mrs. Raymond Williams and children of Fairborn, Ohio visited this week end with their parents, Mr. and Mrs. Manford Williams and Elder and Mrs. Walter Easterling. They request your writer to renew their subscription to the Courier.

Mrs. Aura McGuire of Louisville reports she likes Florress news.

Old Time Trapper

Walter Easterling who has had a trap line up Rockhouse, spent Friday night with Mr. and Mrs. Walter Hopkins. Walter has caught 14 muskrats and cased their pelts and caught one mink too. He reports he saw a mink and tried to catch it. The mink jumped into the water, Walter stepped on it, but the mink got away.

Miss Pauline Johnson of Cow Branch, Anna Marie, Mary Etta and Essie Gay Johnson of Cottle were Friday night guests of your writer.

Mrs. Thurman Ferguson, Monie and Ollie Boyd Ferguson of near

LETTERS TO THE EDITOR—

Licking Valley Courier
West Liberty, Kentucky

Will you please send me a
copy of The Licking Valley
Courier of September 29, the
one about the unweaving of a
marker at the grave of Elder
Daniel Williams at Caney? I
wonder if you might have an
extra copy of the one about
the Capt. John T. Williams
that married Rebecca Henry,
that came out a year or so
ago. If you do, I should like
to have it too.

I want to express my appre-
ciation for what Morgan
and West Liberty are doing in
general. I think they are about
the most progressive of any
places I know about. And may
I add, that I think the Licking
Valley Courier is responsible
for much of it.

Clubhouse November 16, and
pieced on a quilt. Those present
were Mrs. Millie Haney, Mrs. De-
lores Gevedon, Mrs. Gilla Ross,
Mrs. Ida Gevedon, and Katherine
Amyx. A visitor, Mrs. Ruth Ross
Hipple, who recently returned
from Germany, was welcomed.

The society met again Nov. 30
for an all-day session of piecing
and the "setting up" of quilts.
The meeting was opened by sing-
ing a hymn led by Mrs. Fanny
Gevedon, and prayer by Mrs. Ida
Gevedon, who also said grace for
the pot-luck luncheon that was
served at noon.

Christmas cards, flavoring, seals
and wrapping paper were distrib-
uted to members to sell.

Those present were Mrs. Fanny
Gevedon, Mrs. Ida Gevedon, Mrs.
Gilla Ross, Mrs. Vivian Gevedon,
Mrs. Nancy Smallwood, Mrs.
Nancy Ferguson, Mrs. Christine
Gevedon, Mrs. Maggie Chaney,
Mrs. Anna Peyton, Mrs. Delores
Gevedon, Mrs. Daisy Carter, Mrs.
Justine Gevedon, Mrs. Ernestine
Blevins and Mrs. Katherine Amyx.
The society will meet Dec. 14
to discuss plans for a Christmas
party and a tree. All members
are urged to attend.

OPPORTUNITY OF KY FARMERS LIES IN GOOD PASTURE

Kentucky Farmers Can't Compete In Field Crops, View

By Wm. Johnstone
for Kentucky Bankers Assn.
GREENER PASTURES. Kent-
ucky's hills have been beautiful
this fall. Ample rains and mild
temperatures have produced an
excellent cover of grass and small
grain. On most farms there is
adequate hay and feed costs are
low thereby offsetting to some
extent the continued drop in farm
prices. Those of us who have
been interested in Kentucky's
pasture development are delig-
hted with the way the "Green Pas-
tures" have replaced so many
fields of broomsedge and sav-
erbriers. Most of the pasture de-
velopment outside of the inner
Blue Grass area is the result of
the introduction of Kentucky 31
Fescue. Fifteen years ago this
grass was confined to a few acres
on the Menifee County farms of
William Suiter and neighbors.
Now it is furnishing low-cost feed
to more Kentucky livestock than
any other crop.

KENTUCKY'S OPPORTUNI-
TIES. Last month as I crossed the
eastern corn belt states of Illi-
nois, Indiana and Ohio and saw
the vast fields of corn, soybeans
and small grains, and the count-
less number of hogs, I again re-
alized that most of Kentucky's
farmers cannot compete with
these areas in row-crop farming.
Our opportunities lie in the de-
velopment of more and better pas-
tures and hay crops and their
efficient use by cattle and sheep.
Fortunately, livestock can be sup-
plemented with tobacco, and in a
few areas with fruit, vegetables
and poultry, but by and large,
Kentucky's farm economy will
rest upon grazing types of live-
stock. These opportunities carry
with them two old problems—
small farms and inadequate cap-
ital because it takes larger than
average farms and a lot of cap-
ital to "livestock" farm.

Don't Waste Seed. Recent ex-
periments confirm the fact that
high rates of seeding are not nec-
essary to get good stands of grass
and legumes, provided weather,
fertility and seedbed prepara-
tion are satisfactory. At the New
York Experiment Station no in-
crease in yields was obtained by
using more than six pounds of seed
per acre. Four pounds of timothy
likewise produced greater yields
than higher rates. Kentucky farm-
ers can cut expenses materi-
ally by giving more attention
to proper seeding rates and high-
er fertility levels.

The 1955 alfalfa seed crop is
reported the largest on record
and it, like fescue and some other
important seeds, is expected
to be relatively cheap. Next
spring should be favorable for
seeding hay and pasture crops.
One Cylinder Knocks. America's
economy has been likened to a
multi-cylindered motor with labor,
capital, transportation, agri-
culture, commerce and so forth,
each representing one of the cylin-
ders or related mechanism.
Like a motor, when one part goes
wrong the smooth operation of
the whole engine is effected. At
this time many think they can
hear a severe "knock" in one cylin-
der of the engine—that rep-
resented by agriculture. Although
only 14% of our population are
now classed as farmers many
fears that their financial trou-
bles may spread to other segments
of our economy.

This map shows location of Elliott county's diamond exploration activities. The site is accessible over KY-409 from the Sandy Hook-Grassyn road and over KY-486 (the Little Fork road) from KY-32. Note that two of the Kimberlite dikes span both Ison Creek and Hamilton Branch.

Considerable interest has been
manifested here and in many
parts of the nation over the dia-
mond explorations being con-
ducted at the scene of the extinct
volcano on Hamilton Branch in
eastern Elliott county. A group of
Eastern Kentucky attorneys and
geologists commenced corerilling
one of the three dikes seven weeks
ago. One hole has been drilled
over 400 feet down and the cores
extracted from the Kimberlite
formations composing the dikes
are being sampled and specimens
sent to an assay office for analy-
sis regularly. Also the cores are
being tested for uranium as they
are brought to the surface.

LEWIS

Ferne Lenore Lewis was born
at Blaze, Ky. March 12, 1883. She
was the daughter of W. L. and
Mary Gilliam Lewis, and died
Nov. 13, 1955, at the age of 72
years, 8 months and 1 day at the
West Liberty Hospital, where she
spent her last illness. She lived
a devoted Christian life until
death.

She was united in marriage to
William Powell Lewis on May
14, 1904, who survives her. To
this union were born six children,
five daughters and son, who sur-
vive—Mrs. Lenora Perry, Mans-
field, Illinois; Mrs. Olene Oakley
of Dayton, Ohio; Mrs. Fleeta
Lewis, Elkhart, Ind.; Mrs. Fay
Callaway, Xenia, Ohio; Mrs. Mary
Lee Whitaker, Dayton, O.; Virgil
Lewis, Yucum. Also surviving
are 19 grandchildren and seven
great grandchildren.

Mrs. Lewis taught several years
in Morgan county schools. She
was converted and became a
member of the church a number
of years ago.

In Bell county, 57 chairs were
upholstered by homemakers who
were members of two special in-
terest groups taught by the UK
home demonstration agent, Mrs.

SCHOOL VISITS

Vance Fork School, Snoden
Johnson teacher. This is the six-
th year that Mr. Johnson has
taught this school, and wonder-
ful improvements have been made
during this time. The bookmo-
bile visited them Monday and the
children have read a number of
books. Phyllis Lykins and Clyde
Vance each told the story of one
of the books they had read. Both
pupils had an excellent memory
and gave the most interesting
book reports. They plan to make
a radio program on the book-
mobile and desire that Mrs. Ste-
wart visit them and take part
in the recording. 17 pupils are
enrolled and 16 were present.
The average daily attendance
last month was 99%. Mr. John-

son is asking the children and
parents to help him as next mon-
th will be 100%.

The following have perfect
attendance: Calvin Vance, Hershel
Lykins, Sharon Lykins, Fred Car-
penter, Alma Carpenter, Vernal
Prater, and Pamela Lewis.

Caskey Fork school, Mrs. Lon
Stamper teacher, has enrolled 20
pupils. Twenty-one were present
Tuesday when I visited the school.
Those absent were Emma Stacy
who was ill, Cordell Williams,
Raymond, Vernie and Joan How-
ell, the children of Albert (Buff)
Howell.

The bookmobile has visited the
school twice. John Phillips has
read 6 books. Chase Phillips, 7,
Ray Phipps 12, Bobby Stacy 5,
and Barbara Phipps 5.

Darrell and Harold Peyton go
to high school at Ezel, Walton

Jones and Mrs. Ruth Conover
have visited the school. The doors
and windows need repairing.

NICKELL
WHAT'S IN THEM THAR MOUNTAINS?

NICKELL, Ky., Nov. 28.—(By Mrs. Grace Hane)—(Them thar hills, hilly) An old Civil War veteran once said, that the horses in Kentucky could be shod with gold shoes if the people could just find what was in them thar hills. Kentucky can boast of oil, gas, coal and possibly uranium and now diamonds—wonder what they will find next in them thar hills?

Lucky No. 26

M. C. Hane was born on Saturday, Nov. 26. He played in the finals of the scholarship tourney at Morehead on Saturday, Nov. 26 and what number do you think he was wearing on his jersey? That's right—number 26. Congratulations Blue Devils for winning the scholarship tourney.

COURT TO DECIDE FATE OF KILLER DYING FROM T.B.

Action in Rowan Circuit Court today (Tuesday) may determine whether a convicted murderer, said to be dying of tuberculosis, spends his remaining days behind or outside prison bars.

The case of Orville Brown, 32, has been docketed for trial at the request of his attorney. Brown was convicted May 25, 1948, and sentenced to a life term for murdering Eddie Johnson, a storekeeper, near Elliottville the morning of June 11, 1947.

He also was indicted but never was tried in the slaying at the same time of Bobby Rowe, 16. Rowe was a bystander in the store when Brown entered it, a paper sack over his head and a shotgun in his hand. Witnesses said Johnson and Brown had had previous trouble. Rowe apparently was killed when, thinking Brown was kidding, he playfully grabbed the shotgun barrel. Johnson for a gun under the counter and Brown killed him, too, evidence showed.

For many months, court attaches here said, Brown has been near death in a prison tuberculosis ward. He is now eligible for parole and might be freed if the Rowe indictment were dismissed. His attorney is expected to move next week.

Some of the witnesses in the case are dead and others have moved from this area, but the indictment remains on the books.

80% CROP STRIPPED

Morgan County Agricultural Agent, Carl Sinclair, said today that 80 per cent of the Morgan County tobacco crop is stripped and ready for market. Several Morgan county farmers have reported averages of \$60 and above received on the opening market.

PHILIPPINES STUDY FARM METHODS IN MORGAN; VISIT FIVE FARMS

Four agriculture workers in the Extension Service in the Phil-
ippine Islands arrived in West
Liberty, November 21 to visit
farms and homes in Morgan Co.
county. Carl W. and Evelyn Sin-
clair, county agent and home
agent, made arrangements for
them to meet five farm families
on their tour of Morgan County.
The group arrived in Hazel
Green at 5:15 Monday afternoon
and were met by the Morgan
County agent. They were—Miss
Amanda Medina, Miss Juanita
Cruz, Mr. Santiago Rolle and Mr.
Salvador Bolivar.

The group were interested in
good pasture growth on hill land,
strawberries, cover crop, sheep,
cattle, swine and food for home
use.

The group were amazed at the
well stocked cellars and shelves
of home canned fruits, meats
and vegetables. They were inter-
ested in poultry and hogs raised
and kept for market and home
use. The visitors saw country
hams in the process of curing at
the home of Tommie Oldfield.

They asked about how it was
done and they liked the taste
of our country cured hams. Mr.
Bolivar has charge of the 4-H
work and he was interested in
the three excellent bee steers
which Tommie Oldfield, Jr., has
as a 4-H project and they ob-
served the trophy which he won
at the county fair for the cham-
pion Angus steer.

The group also visited Harry
Coffee at Cottle where they saw
three acres of excellent Ten-
nessee Beauty strawberries. They
asked a lot of questions about
vetch as a cover crop. The for-
eign visitors saw good pasture
and sheep on very steep land at
the farm of Mr. and Mrs. Jas-

per Jones. At the farm of John
Cuniff they saw sheep on out-
standing pasture and they ob-
served a well lighted stripping
room where they observed the strip-
ping of burley tobacco. The group
said Virginia bright and some
burley was produced in the is-
lands. The group liked the flavor
of our Morgan County sorghum.
When the home agent told the
group about our 4-H pot luck
banquet, they had trouble un-
derstanding the meaning of pot
luck, but after they understood
they thought it was a good idea.

At the farm and home of Mr.
and Mrs. Archie Smallwood on
Grassy they observed swine pro-
duction from purebred flamp-
shire sows and pigs to fatten-
ing hogs, laying hens, cows and
calves. They were impressed by
Mr. Smallwood's pasture pro-
gram. They liked the idea of po-
tatoes and turnips being buried
or holed up in the ground for
winter use and they thought that
Mrs. Smallwood's well stocked
shelves of good quality canned
foods was a wonderful idea. The
group saw an excellent straw-
berry patch at the Smallwood
home and they were interested
in strawberries as a crop for
home food use. The agents show-
ed the visitors five farms and
homes in four and one-half hours
and then took them to Campton
to meet the 1:15 bus for Lexing-
ton, and then they were to go
to Washington, D. C.

The group said they had learned
excellent ideas from farms and
homemakers in Morgan Co.
county and that they thought the
people were so nice to them and
that they welcomed the oppor-
tunity which the University of
Kentucky gave them to visit the
farmers and homemakers here.

BOARD APPROVES FLOOD AID PLAN ON LITTLE SANDY

Congress Will Be Asked For \$50,000 To Survey Basins

SANDY HOOK, Ky., Nov. 29—
(From The Elliott County News)
The Army Engineer Board for
Rivers and Harbors Monday ap-
proved a recommendation for a
survey of flood-control plans for
the Little Sandy River and Ty-
garts Creek basins in Elliott,
Carter and Greenup counties.
The Elliott News received the
following telegram from Senator
Earle C. Clements Tuesday—

Washington, D. C., Nov. 28
The Elliott County News:

I have been advised today that
the Board of Engineers for Riv-
ers and Harbors has approved
and adopted the favorable pre-
liminary examination report on
the Little Sandy river and Ty-
garts Creek for flood control and
allied purposes.

This report, made by the Div-
ision Engineers, Ohio River, re-
commends that a survey be made
concerning both basins and to in-
clude studies of a reservoir site
on Little Sandy river; local pro-
tection of Olive Hill, and channel
improvement along the lower
portions of Little Fork and East
Fork.

Earle C. Clements,
U. S. Senator
The recommendation, which
now goes to Congress, calls for
a \$50,000 study, with particular
attention to a reservoir site on
the Little Sandy river; local pro-
tection of Olive Hill, and channel
improvements along the lower
portions of Little Fork and East
Fork.

The board acted after repre-
sentatives of the district en-
gineer's office testified the Sandy
basin covers 721 square miles
and the Tygarts basin 336.

They said the survey is needed
as a step in the long-range
program for controlling waters
of the Ohio river, into which
the Little Sandy and Tygarts
Creek flow.

Senator Clements and Repre-
sentative Watts, Nicholasville, Ky.,
Democrat, in letters read to the
board, placed major emphasis on
local flood problems. They said
flooding of towns and villages
in the area causes severe damage
nearly every year.

The Little Sandy River origi-
nates in southern Elliott county
and flows through the county in
a northeasterly direction, then
passes through a portion of Car-
ter and Greenup and empties in-
to the Ohio at Riverport, just above
Greenup. Tygarts Creek is
almost wholly in Greenup county.

KISER STATUS IS IN DOUBT NOW

GRAYSON, Ky., Nov. 24—(The
Grayson Journal-Enquirer)—Sta-
tus of the Kentucky Highway
Department when Governor A. B.
Chandler takes office Dec. 13 was
clouded by developments this
week.

The Governor-elect had pre-
viously told reporters he would
appoint Bob Humphreys, his co-
chairman, as Commissioner and
Bert Kiser, Olive Hill, Deputy
Commissioner.

Yesterday, Humphreys said that
Bill Curlin, former Commissioner
who accepted a job with a con-
crete pipe concern last year, told
reporters that he would serve
only a short time to assist Hum-
phreys in making an orderly
transition.

Humphreys' announcement be-
gan two schools of thought at the
State Capitol. First is that Cur-
lin and Kiser may both be ap-
pointed Deputy Commissioners.
Second line of thinking is that
Curlin will serve a few weeks
and then give way to Kiser's ap-
pointment.

MEMPHIS CONTRACT LET
The State Highway Depart-
ment this week awarded a con-
tract to A. W. Walker & son of
Mt. Sterling for reconstruction
and traffic bound surfacing of
2.8 miles of the Denniston-Llyrd
road in Menifee county. The price
was \$49,840.

Randolph Bailey and Gene
Harps of West Liberty were in
this community Sunday.
Mr. and Mrs. Arnold McClurg
of Blaine were Sunday guests at
Mr. and Mrs. James Sexton.
John King, Walter Cox and
Willie Johnson took their tobacco
to market last week.
Mr. and Mrs. Charles Pike and
family of Fairborn and Walter
Wright of Coffee Creek visited
Arthur Wright here recently.

Outlook Bright For Expansion of Waterways In State, Clements Says

Sen. Earle C. Clements struck a note which should be of inter-
est to all Kentuckians when he
said last week that we should
better manage our waterways for
something besides flood control.

The senator was in Lexington
Wednesday for an informal meet-
ing with the foreign affairs com-
mittee of the Chamber of Com-
merce.

He said that Kentucky has more
water than any other state and
"all of us have been slow to do
what we ought to do to protect
this asset."

He said prospects are good for
the development of the Kentucky
River. "This session of Congress
we will get appropriation to start
construction of the Buckle n
flood control dam."

Sen. Clements added that there
was no request made for funds to
begin construction of a dam at
Booneville, since it is the "belly
of the engineers that the over-all
plan may alternate the prelimi-
nary viewpoint in reference to the
Booneville dam."

The senator noted that on the
Ohio River, work has begun on a
project to replace 46 dams with 21
dams.

He said that on the Big Sandy
River, canalization project "con-
siderable progress may be made
benefit ratio to a favorable light."
A total of \$77,500 to complete a
survey of the river by fiscal 1957
has been requested.

Other observation made by
Senator Clements were:

A serious doubt that there will
be any modifications of the Taft-
Hartley Law this session.

A prediction that neither of two
minimum wage bills will pass.

BERRY PLANT IS TO BE STARTED

MOREHEAD. (From the Row-
an County News)—Morehead is
get a strawberry processing plant
next year in line with an agree-
ment worked out between the
processor and the Chamber of
Commerce.

The Chas. A. Jones Company,
Cincinnati, will operate the plant
in the building formerly occupied
by Red Rose Dairy on Second
Street. The Jones concern pro-
cesses strawberries in other grow-
ing centers of Kentucky and Ten-
nessee and other farm products,
including green beans.

To attract the concern to More-
head the Chamber is contributing
\$250 annually toward rental of
the former dairy building.

Representatives of the company
explained that 1,000 acres of ber-
ries in the area were needed for
a successful operation.

The Morehead Chamber has
carried its program to seven other
counties in this part of the
state in an effort to build the lo-
cality into a large strawberry
growing area. Chamber members
have met with farm groups and
delegations in Carter, Elliott,
Morgan, Menifee, Fleming and
Bath counties.

Arrangements with the Jones
Company call for the concern to
secure their berries through the
Mountain Valley Coop and pay
prevailing market prices.

\$1,000 REWARD
FOR FINDING GIRL

Elliott county relatives of Madeline Avenell Stapleton, who has been missing since Sept. 5, said Monday no trace had been found of the missing girl or her auto.

They said the reward of \$1,000 offered for finding Miss Stapleton was still in effect.

Madeline Avenell Stapleton, age 22, height 5 feet 4 inches, weight 123 pounds, hair brown, eyes blue—missing since Sept. 5, 1955. She lived at 2309 Adams Ave., Huntington, W. Va. Employed at Maiden Form Brassiere Co. for 3 1/2 years. Fear she is amnesia victim.

At the time of her disappearance she was driving a 1952 light blue, two door Plymouth with Ohio license No. 5275 JJ.

Anyone knowing her whereabouts notify her mother, Mrs. Cleffie R. Stapleton, Route 1, Franklin Furnace, Ohio, or call

Charles D. Allen, Huntington 34942.

Madeline is the daughter of the late Ulmont Stapleton and Cleffie Rucker Stapleton. Her parents were formerly of Elliott county, but have lived in Ohio for several years. Her grandparents are Mr. and Mrs. Kimbert Rucker and Mr. and Mrs. Henry Stapleton, all of Burke. Anyone who may be able to locate her will receive reward. Both her and car are missing. Anyone having any information as to the whereabouts of either her or the car, please notify either party listed.

Wildlife Planting
To Be Given Free

A limited number of farmers and landowners in Morgan county will be given enough plants and seeds to plant a total of two acres of japonica lespedeza, six acres of Korean lespedeza, two acres of amber cane, and 3,500 feet of multiflora rose fence. The materials will be issued free of charge by the Kentucky Department of Fish and Wildlife, with the program being coordinated by the District Biologist, Harold Barber.

The primary objective of the program is to establish food patches for quail. Japonica lespedeza is especially recommended as a quail food plant, having a tall shrub-like growth and excellent seedling properties. Any interested farmer or landowner can qualify to receive plants and seeds, the only restriction being that plantings should be made according to recommendations and should be left in the field for use by wildlife.

In addition to issuing free materials, the Wildlife Department will assist in planning a farm-wide wildlife management program, for those who are seriously interested in increasing farm wildlife.

Part of Morgan county's quota of free planting materials has already been allotted to early applicants; however, a good supply is still available. Anyone desiring planting materials should contact either Berlyn Brown, the SCS conservationist, or David Adams, conservation officer, as soon as possible. The above-named men are in charge of distributing materials in the county and other can advise on the best sites for wildlife plantings, the best plant species for a particular location, the proper methods for establishment and care of plants.

Mr. and Mrs. Tom Roach and daughter Stephanie, of Lexington, spent the week end with Mrs. Roach's mother, Mrs. Earl May and family.

Jury Reports Privileged
And Are Publishable

FRANKFORT, Ky.—The Kentucky Court of Appeals held a report of a grand jury is privileged matter, subject to publication as a matter of public interest and concern by a newspaper. It upheld dismissal by Circuit Judge Ira D. Smith of \$50,000 damage suits brought by former Hopkinsville City Commissioner Joe G. Davis and Chief of Police James Edward Greenfield growing out of a Federal grand jury report in October 1952 which charged both with commission of crimes while in office, though no indictments were returned and no criminal prosecutions started.

The suits were directed against The Louisville Courier-Journal and Times for publishing the report.

The court held that such a report is privileged, a part of a judicial proceeding, and those reprinting it are not subject to damages for so doing.

Driving's Exciting Again!

Let's say you have just logged an extra-long day's mileage in your '56 Pontiac. Your clock tells you it's time to choose a lodging for the night.

Then it comes to you. You don't want to stop! You just want to keep on and on, piloting this sweet, singing beauty wherever fancy points.

Sound like a wonderful dream? It happens time and again to owners of this fabulous new car. And the lure that leads them on and on is the performance of Pontiac's great new Strato-Streak V-8... the most thrilling performance on the American highway.

Traffic's a delight in this agile car. Power flows smooth as oil when you leave a light, and with the sharp authority of 227 blazing "horses". Brakes respond with crisp, new

certainty. The wheel answers fast as pointing your finger. You're driving with a confidence you've never felt before!

And highway touring is pure pleasure! You swing the curves with new sure-footed certainty... clear a high hill or sweep safely past a loiterer with the happy assurance that you command the greatest "go" on wheels.

And when you settle down to cruising speed on an open highway—that's the real payoff on your good judgment! This is living in a wonderful new way. Driving's exciting again!

Come in and try it—you can prove it in 10 minutes as easily as in 10 hours. And you'll prove something else to yourself. Pontiac's glamour matches its "go"—it's the greatest on the road!

FARMERS BEGINNING TO THINK FLEXIBLE PRICES WON'T WORK

WASHINGTON, Nov. 26—A belief is growing among farmers that flexible price supports—the feature of the Eisenhower administration farm program—will fail to accomplish their goal under the present handicap of huge surpluses.

The goal is to fit output to demand—to avoid both surpluses and shortages.

Under the flexible system, government price guarantees vary in relation to supplies. In times of surpluses, price supports are lowered with the idea of discouraging overproduction.

Likewise, in times of shortages, supports would be raised to provide an incentive for increased production.

Surpluses Too Big

Many farmers who testified at recent hearings held in major farming areas by the Senate Agriculture Committee—as well as many interviewed on the side—said they did not believe flexible supports will work at present in view of record surpluses.

Among those taking this view were many who favored the legislation establishing the flexible plan and who still want it kept in force for the long pull. They included state leaders and members of the farm bureau federation, which has endorsed flexible supports since the mid-40's.

There has been flexibility, mostly downward, in prices of most farm products for the past four years, whether or not they were subject to supports. It is on the basis of experience with this general decline as well as reduced supports this year that many farmers have concluded the new plan will not be effective under present conditions.

Production Goes Up

Farmers cited the fact that despite the downturn in prices and in price guarantees, production went up instead of down. This year's production will be the largest on record.

Farmer after farmer cited his own operations to show that lower prices failed to cut production. Faced with fixed production costs—and in many cases by interest charges and payments due on mortgage debts—many planted more land to crops, rather than

less, in an effort to increase volume.

In addition, many turned to intensified production—including a heavier use of fertilizer—to step up their output to offset lower prices.

Many farmers who have had to take price reductions and acreage cut-backs on surplus crops told of shifting to crops which they had not previously grown. Their actions helped bring the headache of surpluses and fallen prices to the traditional producers of these substitute crops.

Big Milk Production

Dairymen said the 15 percent cut in supports for their products have not reduced milk production. Their output this year will be the largest of record and there are indications the industry may be marked by serious price and surplus problems next year.

Many farmers blamed this season's sharp drop in hog prices on lower supports for feed grains. They said that because feed prices were low and hog prices favorable a year ago, many farmers grew more hogs to obtain a better return on grain they otherwise would have sold.

But by the time the hogs reached market weight this year, prices had dropped to an unprofitable level because of overproduction.

Some producers said flexible supports would reduce the number of farmers by the bankruptcy route. But they argued that this would not reduce production because these farms would be taken over by neighbors who in many cases would actually increase output by using more machinery.

FOR KENTUCKY FOLKS

by Wm. C. Johnstone
AGRICULTURAL REPRESENTATIVE
KENTUCKY BANKERS ASSOCIATION

TOO GLOOMY! A few days ago one of my northern Kentucky friends and readers commented about the gloomy trend of my recent FARM FACTS. I, too, have noticed this tendency, which I do not like and have resolved that from now on I will try to include at least one item monthly on the brighter side of farming.

ROSES TO GEORGE. One of the real inspiring articles I have seen lately was in the October 24 issue of "Time Magazine." It was about the farming operations of Joe Moore, FFA's Star Farmer, the highest rank attainable by a Future Farmer. Mr. Moore, only was the story of the success of this Mid-Tennessee, hill-farm boy inspiring, but knowing the writer, T. George Harris, made it doubly so. George, too, is a farm boy, reared near Treadon, Ky. His parents, Mr. and Mrs. Garland Harris, have long been leaders in Farm Bureau and Extension activities in Todd county. George, now only 31, is head of Time's Chicago Bureau, and has made remarkable progress in the field of journalism.

PROFIT FROM HOGS. Last month I attended a meeting of the Kentucky Swine Council, an organization set up to encourage the profitable production of hogs. I was anxious to learn how Kentucky farmers could make money from hogs at current prices with-

out ruining their hillside with corn growing. Two important new developments based on results at the Experiment Station were discussed. First was the practice of raising sows on pastures. It cost about \$6 more to carry sows through the gestation period in dry lots than it does on live pasture. Second, was the advisability of weaning pigs at an early age. Pigs weaned at three weeks of age cost about \$1.75 less per 8-week-old pig than those left with the sows until that age.

This early weaning permits the sows to produce almost three litters a year rather than the usual two. These developments, plus the breeding of meat type hogs and the demand for Kentucky feeder pigs should make hog raising even more profitable in the future than they have been in the past. This program will require relatively little grain and will produce more profits than previous methods.

With hog prices at their lowest in ten years it may seem foolish to advocate their continued production, but low prices are always followed by high prices and the man who gets his hog production on an efficient basis now will reap the benefits later.

NO BETTER PLACE TO LIVE AND REAR CHILDREN THAN IN KENTUCKY, C. O. C. SAYS

There is no better place than Kentucky in which to live, work, and raise your children," high-school seniors were told in Lexington at Transylvania College's annual vocational guidance conference Friday.

Harper Gattson, executive vice-president of the Kentucky Chamber of Commerce, said "the future will increase demands for trained personnel . . . in return will come a standard of living higher than you dare dream."

He urged the youngsters to develop traits important to a successful life—good character, Christianity, modesty, and kindness.

U. S. PAYROLL CUT

The number of Federal job-holders dropped 19,968 in September for the first monthly net decrease since January, according to Senator Harry F. Byrd, head of the Joint Committee on Reduction of Nonessential Federal Expenditures. Civilian employment on the Government payroll stood at 2,366,075 in September.

ALPHIN RESIGNS

FRANKFORT, Ky.—Robert H. Alphin, commissioner of Revenue for the last three years and a member of the Department of Revenue staff since 1948, resigned his post effective December 12—the day before Governor Wetherby leaves office.

PERSONAL INTEREST

The American people paid a new high of \$3,000,000,000 for personal interest on loans in 1954, according to a recent report by the Commerce Department.

TWO BOYS SHOT BY A HUNTER

LOGVILLE, Ky., Nov. 21—(By Ruby Elam)—Two little boys of Mr. and Mrs. Millard Robbins were accidentally shot by a hunter last week. The boys, age 6 and 4, were picking up coal near the house when the accident occurred. Their mother heard the shotgun fire and the boys came screaming to the house. They were taken to the Paintsville Hospital. The younger one had two shots removed and was returned home. The other is in a serious condition. Several shots were removed from his face and body except one near his eye which cannot be removed until the swelling goes down. The doctor doesn't know yet whether the eye can be saved. The hunter is unknown as he didn't show up. The boys are the grandsons of Elder George Daniels of Ever.

Sunday guests of Mr. and Mrs. J. D. Elam were Mr. and Mrs. A. Kennard, Mr. and Mrs. Paul Brown and children and Mr. and Mrs. Jim Elam, Mrs. Dolph Elam and children.

Dr. and Mrs. C. C. Smith and son of West Liberty were Sunday guests of Mr. and Mrs. Farish L. Hammond.

Jimmy Elam, R. A. Kennard and Arnel Hopkins took their tobacco to Paris last week.

Mr. and Mrs. Arnel Hopkins had as guests Sunday Mr. and Mrs. Walter Hopkins, Mrs. Annie Hopkins, Mrs. Mary Belle Hopkins and Ronnie and Mr. and Mrs. Oschal Jenkins. In the evening Harrison Holliday and Elmer Singleton of Holliday and Mr. and Mrs. J. D. Elam and boys called for a short visit.

Lon Williams was released from Paintsville Hospital Wednesday, but had to return Monday and will go again tomorrow for penicillin shots.

Mr. and Mrs. Ray Stapleton went to Fairborn, O. last week and moved Mr. and Mrs. Donnie Montgomery back here to live.

Harlowe Adams of Cincinnati spent the week end here with his mother, Mrs. Flen Kennard.

Birth of A Son
Born Tuesday morning to Mr. and Mrs. Culbert Smith a boy. She is at the home of her mother, Mozina Blanton.

FARM PRICES ARE DOWN 2% MORE

The Index of Prices Received by Farmers declined 2 percent (5 points) during the month ending in mid-October the crop-reporting Board announced Nov. 10. At 230 percent of its 1910-14 average, the index was 5 percent less than a year earlier. Lower prices received by farmers for hogs, cotton, corn, apples, and cattle were primarily responsible for the decrease during the month. Higher prices for wholesale milk, tomatoes, tobacco, strawberries, and wheat were only partially offsetting. Both the All Crop Index and the Livestock and Livestock Product Index were down from a month earlier and from a year earlier, with the Crop Index showing the sharpest drop from last year.

Higher prices for consumer goods and a greater than usual increase in farm wage rates raised the Parity Index (Prices Paid, Interest, Taxes, and Wage Rates) to 280 in mid-October. Prices paid for farm production items averaged the same as a month earlier. The current Parity Index was 1 point (1/3 of 1 percent) higher than the revised index for September. It was also 1 point higher than a year ago. With farm product prices down and the Parity Index up, the Parity Ratio dropped 2 percent from September 15 to October 15 to 82. This was 6 percent under October 1954 and the lowest ratio recorded since November 1940.

FEWER LAMBS ON FEED

The number of sheep and lambs to be fed for the winter and spring market is expected to be somewhat smaller than a year earlier, according to the Crop Reporting Board. A few states are expected to feed a few more than a year earlier. However, these increases will be offset by decreases in other states. The Corn Belt States, with few exceptions, are expected to feed fewer lambs. Lamb feeding in the West is expected to show some decrease, but a few sections will show some increase. Some late lambs ordinarily placed on wheat pastures have diverted to Southern States east of the Mississippi River.

Outside of some pre-Thanksgiving weakness in the lamb market, there is a favorable outlook for the remainder of the year and particularly for the next 60 days and after that additional support is expected to come from more favorable demand conditions.

FARM DOLLAR

The farmer's share of what the housewife spends for food is expected to be shaved further next year, according to an Agriculture Department estimate, which said the farmer's portion of the consumer's food dollar in 1956 will be around 40 cents, compared with 41 cents this year and 43 cents in 1954. But because of higher marketing charges—up 5 percent in the third quarter of 1955 from a year ago—only a fraction of the farm price drop was passed along to consumers.

FARM INCOME

The Agriculture Department recently reported that farm net income for the third quarter of this year reached an annual rate of \$10,300,000,000, about 5 per cent below the previous quarter and ten per cent below the third quarter rate in 1954. The decline is attributed mainly to lower prices of farm products accompanied by only small reduction in expenses.
